

Courses for Play Therapists and People who are interested in Play Therapy

The Centre for Communication, Learning & Play

At Jogo, we believe communication is a key element to every interaction, when working with children, young people and families. Our trainings take you beyond theory by providing you with practical and effective approaches based on proven strategies and interventions.

Introduction to Play Therapy

Play Therapy is a dynamic method of working therapeutically with children and young people. Gain insight into the world of play therapy by learning about the theory and trying out the techniques.
